

A circular diagram illustrating a network structure with 29 nodes. The nodes are arranged in a circular pattern, with node 29 being the largest and central. The nodes are color-coded: nodes 1 through 12 are yellow, nodes 13 through 28 are pink, and node 29 is a large central pink node. Each node contains a number and has three lines extending from it, representing connections to other nodes. The nodes are numbered 1 through 29, with node 29 being the central node.
