

This figure displays a large, complex network graph with 259 nodes, numbered 1 through 259. The nodes are arranged in a grid-like pattern, with edges connecting them to form a dense, interconnected network. The graph is highly structured, with many nodes having multiple connections, indicating a high degree of connectivity. The edges are represented by blue lines, and the nodes are yellow circles with black outlines. The overall layout is rectangular, with nodes distributed across the entire area.
